## **Special Event Disc Jockey Packages**

All of our DJ packages are based on 4 hours of continuous music. They also include at least 1 Entertainer who will act as Master of Ceremonies as well as the Disc Jockey . This dedicated entertainer will play music selections of your choice taken directly from our 65,000 song music library. On two person packages, the team will split up the duties of spinning CDs and acting as the emcee to insure the maximum level of desired crowd involvement.
