STAND OUT FROM THE CROWD!

After a decade of creating and building Enchanted Celebrations, few things have been more rewarding than working with our talented professionals to perform at so many cherished weddings. The only feeling that tops that is when we are able to help usher our couples' consecrated love into a new chapter of their lives; which I am happy to say happens quite often.

Just as a good book is hard to put down, completing the book in what feels like no time at all, it's our task to be as invisible as the binding which holds your wedding story together. We hope to also remind you to stop and take a moment to truly feel the overwhelming emotion and enormity of the day as it is unfolding.

At Enchanted Celebrations, our professionals deliver on the promise of being the strong, invisible binding so your story can be told without distraction. Throughout your wedding day, our professional photographers will be sure to capture every special moment of the day, without intrusion.

It is my privilege to welcome you to your photography brochure, suitably titled, "Uncompromising Vision." In this brochure you will learn about our unique approach to photography, bespoke packages made just for you, and a great deal more. Enjoy!

The team at Enchanted Celebrations is here to help and answer all of your questions!

Let's Get Your Party Started!

BECAUSE WE BELIEVE THAT EXTRAORDINARY SERVICE

SERVICE EXCELLENCE

We are immensely proud that Enchanted Celebrations is known for service excellence. That level of excellence oftentimes is attributed to the amazing work that our talented professionals produce at each wedding; as it should be. From beautiful candid, and intricate angles and features, your photos will be above the ordinary.

What is often overlooked when discussing service excellence is the engine that empowers our professionals to go out of their way to find small, unexpected gestures that create those little once in a lifetime moments our couples come to expect. The engine we are referring to is our customer service platform aptly called, Service with Compassion.

Service with Compassion is our promise to our couples that our professionals will always strive to extend their level of service far beyond the norms of what is expected of wedding professionals; to always strive to create unforgettable experiences through unexpected gestures.
